

Title: Graphic Designer  
Job Type: Full Time, Permanent  
Location: Mississauga, ON, CANADA;  
Posting Date: October 2, 2009  
Experience: 1-2 years  
Number of Positions: 1

### **Company Background:**

Synergex Corporation is a premier international service provider of comprehensive supply chain management services in 6 countries across the Americas, specializing in distribution, licensing, sales, localization, packaging and marketing of digital entertainment products. Headquartered in Mississauga, Ontario, with operations across North, Central and South America, Synergex serves a broad base of customers that includes a number of multinational enterprises. Synergex is listed on the Toronto Stock Exchange and trades under the symbol SYX. For further information, please visit [www.syx.ca](http://www.syx.ca).

### **Position:**

Synergex is seeking an energetic and creative graphic designer to join our Creative Services team. The primary area of focus will be the creation of bilingual video game packaging and inserts for the Canadian and Latin American marketplaces. Additional graphic design tasks may also include, but not limited to: retail sell-sheets/product specification sheets, corrugated retail display units, websites, signage, marketing and sales materials, and other professional documents. The successful candidate will help the Creative Services team by handling administrative and customer service tasks.

Synergex' objective is to find a career minded individual seeking fulltime and permanent employment. Synergex' ideal candidate is deadline oriented, pays attention to quality and thrives in a fast-paced environment. Working with the Creative Services team, the successful candidate will be responsible for handling a wide range of tasks to support the growth and the success of a rapidly soaring enterprise.

### **Core Responsibilities:**

**Graphic design and layout:** Layout of graphics and copy with desk-top publishing software. Ensure production timelines achieved without exception. Creation of artwork proofs necessary for internal and external departmental approval in accordance to established schedules. The selected candidate is responsible for ensuring that all artwork is technically correct for prepress production (proper separations, size spec, etc.)

**Creation of corrugated display units:** You will assist a variety of customers with their packaging requirements from creating a dieline to final production. You will be responsible for sourcing potential vendors for production. Knowledge of package design is essential.

**Experience/Skills/Qualifications:**

- Concrete experience with the following software: InDesign, QuarkXpress, Illustrator and Photoshop
- MUST be fluent in Creative Suites 4 (these skills will be tested in the interview process)
- College diploma in graphic arts or equivalent required
- Ability to work independently or within a team
- Solid experience in packaging design
- Ability to work efficiently in both Mac and PC environment
- Excellent attention to detail
- Strong communication and organizational skills
- Working knowledge of prepress and print production
- Proven ability to adhere to strict deadlines and to work effectively on overlapping projects

**Complementary assets:**

- Experience in DVD production and editing
- Experience in the printing industry
- Experience with photography

Persons interested in this position are directed to submit their resume and cover letter to the attention of:
